2/4:
Time length: 1hr
Member: Fariha, Hanlu, Yiwen
Progress:
1. Communicate and understand the tasks for lab3 part 2
2. Discuss the high level structure of the lab
3. Divide the lab into smaller tasks and assign to each member

2/5:
Time length: 1 hr
Member: Fariha, Hanlu, Yiwen
Progress:
1. Start working on the codes/tasks that each member is responsible for
2. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts

2/6:
Time length: 1hr 30 minutes
Member: Fariha, Hanlu, Yiwen
Progress:
1. Continue working on the codes/tasks that each member is responsible for
2. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts (i.e., Fariha finishes most of her part by end of the day).

2/7:
Time Length: 10hr
Member: Hanlu, Yiwen
Progress:
1. Continue working on the codes/tasks that each member is responsible for
2. Start to test the functionality of the code
3. Discuss the code connection
4. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts

2/8:
Time Length: 3hr
Member: Fariha, Hanlu, Yiwen
1. Wrap up the rest of the code
2. Complete testing the functionality and connectivity of the whole code pieces
3. Discuss the structure and content of demo video recording
