2/11:

Member: Fariha, Hanlu, Yiwen

Progress:

1. Understand and discuss the lab instructions to make sure everyone understands the lab

2. Discuss how this lab can be assigned to different sub-tasks

Commits on Feb 11, 2025

Added todo list.	a044859
YiwenC23 committed 3 days ago	
Updated database script with two table classes.	01276d9
YiwenC23 committed 3 days ago	
lab4 setup	8c39abc
YiwenC23 committed 3 days ago	

2/12:

Member: Fariha, Hanlu, Yiwen

Progress:

1. Everyone starts to work on the tasks that he/she is responsible for

2. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts

Commits on Feb 12, 2025

Merge branch 'main' of https://github.com/YiwenC23/DSCI560-group_lab2	997d32a
YiwenC23 committed 2 days ago	
update raw html file.	79cf3f9
YiwenC23 committed 2 days ago	
skeleton of 4a 4b	c1cbf63
farihashk02 committed 2 days ago	
upload first page of Reddit for analyzing.	ed7f164
YiwenC23 committed 2 days ago	

2/13:

Member: Fariha, Hanlu, Yiwen

Progress:

1. Continue working on the codes/tasks that each member is responsible for

2. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts

3. Build up the high level code structure for most of the lab sections

Commits on Feb 13, 2025

Update algorithm.py	7e6912c
HanluMaa committed yesterday	
fixing code	a8f1301
farihashk02 committed yesterday	
All fetched post data after preprocessing.	bd7c583
YiwenC23 committed 2 days ago	
Updaded data retrieval function with page scrolling algorithm to fetch more posts.	b20d178
YiwenC23 committed 2 days ago	

2/14:

Member: Hanlu, Yiwen

Progress:

1. Continue working on the codes/tasks that each member is responsible for

2. Start to finalize/fine-tune the code and discuss how to connect files together to wrap all things together

3. Transparent discussion within the team for any questions that any team member encounters for his/her own part or connecting parts
